Thematic areas for Thesis Research

The funding from Agriculture Development Directorate will focus on the thematic areas presented below;

- 1 Enhancing agricultural (Crops, Horticulture, honeybee, sericulture, mushroom) production and productivity and improvement of farming systems.
- 2 Climate change adaptation in agriculture.
- 3 Sustainable utilization of natural resources and the protection of the resource base and environment.
- 4 Domestication, production, value addition, and technology generation of Indigenous and underutilized crop
- 5 Agricultural trade, agribusiness, agro-tourism
- 6 Agro-processing, marketing and post-harvest activities.
- 7 Inclusion of smallholder farmers, women and other deprived and marginalized sections of population in agriculture
- 8 Sustainable soil fertility management and fertilizer use
- 9 Indigenous technical knowledge, traditional practices and mobilization of locally available resources for agriculture development.
- 10 Agricultural pest management, pesticide pollution
- 11 Smallholder farming, cooperative farming and social capital use in agriculture
- 12 Seed production, marketing and seed value chains
- 13 Agriculture loan, subsidy and insurance
- 14 Food and Nutritional Security, food system
- 15 Agriculture Mechanization
- 16 Sustainable agro-biodiversity conservation and utilization
- 17 Agriculture development and sustainable development goals (SDGs)
- 18 Agriculture service delivery, local government, innovation, adoption and technology.

Thesis research need to be sensitive to the problem, potential and issues of the Bagamati province.
